

Can I sell your Nature Sound CDs?

The answer is absolutely, positively, yes, by all means possible. GUSTECH does not sell its publicly available products retail. We do not wish to compete with our retail partners, even though we hold a retail license of our own. We believe that the ubiquitous “scarcity consciousness” so prevalent today is a complete illusion, based upon fears. In reality, there is more than “enough” of what we need to go around. The problem is not the supply; rather, it is inadequate distribution. Therefore, we wish to share our gifts with as many people as possible, including the in-the-middle distribution channels.

It does not matter if you are selling products “out of your basement,” in a Metaphysical Book Store, using eBay e-commerce, at shows and festivals and carnivals, out of the trunk of your car, in a subway station, on street corners, at a Mall Kiosk, at Flea Markets, or any other vending venue. If you can legally “sell,” we will be your supplier.

How do you get started? Simple; contact us.

Drop Shipping:

If you desire to have GUSTECH provide product fulfillment services, where you, as the retailer, take the orders and collect the monies (*including tax and shipping fees*) and we ship from our factory inventory, then we will gladly add you to our largest distribution channel known as “drop shipping.” We will assign you an account number, and supply you with an assortment of JPEG images that you may use directly for your advertising purposes (*like web site thumbnails*) or as sales flyers. We can even customize some of the “selling” materials to meet your specific needs and target customers.

Shop Inventory:

If you own a shop or two, and want to have in-store inventory shelf-stocked, we can supply you any quantities you desire. The cheapest method is to purchase a suitable stock inventory. We also offer consignment placements for some local retail outlets.

Thank you for allowing us to help you to assist others.
