

## How to sell the DESAC

GUSTECH has teamed up with the firm Contractor Marketing, Inc. to find a viable path for **mass production and sales of the DESAC**, the Doorway Entry Sentry system designed to significantly enhance the safety of semi-mobile residents of all kinds of Senior Living Facilities who also may have varying degrees of Dementia (*a growing population*).

If you are interested in finding out more about the DESAC and its great potential for helping the elderly, and how you may participate in the manufacturing, sales, marketing, and distribution of it, please contact Larry Silver (President of Contractor Marketing, Inc.) at:
